Will you be graduating from high school in the spring of 2018? Do you receive your electricity from a public power utility in Alabama? Then if your answer to these questions is “yes,” you could be eligible to receive a scholarship from the Alabama Municipal Electric Authority (AMEA) and its 11 Member cities/utilities.

AMEA and its Members will make available 44, \$2,500 scholarships (4 scholarships per Member city) in 2018.

To be eligible for an AMEA scholarship, a student’s parent and/or legal guardian must receive electric service from an AMEA Member utility, and the student must attend a four-year college/university, community college, and/or vocational/trade school within the state of Alabama.

Applications are currently available from school counselors in these Member cities, or you can go online to the AMEA web site, www.amea.com, Scholarship Program. **Application deadline is Monday, Feb. 12, 2018.**
