

You Can Help Keep Our Sewer System Fat-Free and Flowing

*If a home's sewer pipe is blocked with fat, oil and grease, the home owner is responsible for paying to fix it.

*DO NOT pour fats, oil or grease from cooking down the drain from ANY sink.

*Pour grease and drippings into a can or any disposable container and throw it in your regular household garbage can.

*Before washing dishes coated with grease, wipe them with a paper towel.

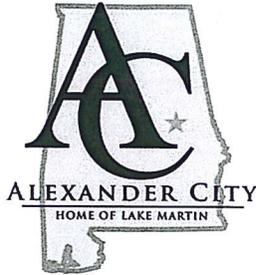

*Rinse dishes and pans with cold water before putting them into the dishwasher.

***Clearing blocked sewer pipes is costly for both property owners and the City.**

PLEASE CEASE THE GREASE

**LET'S KEEP
ALEXANDER
CITY'S
SEWER
SYSTEM**

FAT-FREE!
